College Offering Scholarships For High School Girls

Scholarships worth \$6500 will be awarded to three Florida high school senior girls by Florida Southern College in Lakeland, in a competition to be held during the Flanders Week celebration, Feb. 27-Mar. 5.

The girl winning the first place award will receive a full scholarship for four years, worth \$2720, which will include all board, room and tuition. The second place award will be a half scholarship, worth \$1360, and the third prize will be \$220 a year for four years, to be applied on tuition.

Contestants will be judged on character, cooperativeness, willingness to accept responsibility, grades, extra-curricular activities, participation in school, church and community activities, personality, citizenship, special abilities and contributions to school and community life.

College officials emphasized that the competition is not a beauty contest.

Each high school in the state, whose students are eligible to enter Florida Southern, has been asked to select a senior girl to represent her school in the competition. To be selected, she must have grades placing her in the upper half of her class.

Judging of the contestants will be held at Lakeland, on the afternoon of March 3, and the winner will be announced at a ceremony that night.

During Flanders Week, the state's 99th anniversary and the 35th anniversary of Dr. Ludd M. Spivey as president.

State C of C Head Predicts Steady Business For 1950

Walter L. Hays, president of the Florida State Chamber of Commerce and one of the keenest business leaders in the state, sees the following outlook for 1950.

"What is ahead for Florida and the nation in 1950? Everyone is asking this question. From where we sit this is how it looks at the moment. Speaking of business in general, the dollar value will probably equal that of last year—but more goods will be delivered. People will receive slightly more for their money this year. Although the volume will stay up, business will not be delivered on a plateau. 1950 will be a year when business again will get to work. This is a healthy condition. It has been a long time since there were so many opportunities, so few obstacles for making business what we want it to be.

"There will probably be as many cars sold in 1950 as in 1949, but because production is catching up, it's tremendous campaign will be waged to sell cars. There will be stiff competition between companies and dealers. People will be urged to trade in their old cars earlier, not to drive them as long. Due to this competition automobile prices will decrease during the year.

"Many electrical appliances and much merchandise of the same nature will follow somewhat the same pattern as the automobile business.

"1950 will be another year of home building. Indications are that the need for homes will continue throughout the year. However, because we are nearing the point of filling the need for homes, competition will become an important factor in the sale of new houses. Salesmen will be selling again in this business, they will be encouraging those who rent to buy a new home, and will encourage many to own a home to sell and buy something more pretentious.

"Advertising will revert from institutional to competitive, prices will be featured, time payments will become more popular and liberalized.

"In all lines of business, those who are on their toes and ask for business will do all right. Those who are slow on the uptake will suffer because of a certain degree, competition will have again set in, and it's good, too.

"1950 is made to order for the insurance man who is enthusiastic, alert and on the ball."

Tampa Prepares For Heavy Traffic

Here's the one sure way to beat the traffic problem for Tampa's Gasparilla Festival Day parade, scheduled

this year for February 6, and applies for that matter through the eleven-day period of the Florida State Fair, January 31 to February 11.

Get to Tampa earlier than early, park your car and forget it until all is over and you are ready to go home. And while you're in your car, follow the advice of the police.

That is the considered opinion of the men who know best—Captain H. C. Hamm and Sergeant John Flaherty of the Tampa Police Department's Traffic Division, and Lieutenant Joseph G. Gallop of the State Highway Patrol at Tampa—handling traffic is their business.

But for the officers who have to handle the traffic, it isn't quite that easy. In the office of Captain Hamm, where the traffic plans of the police department, sheriff's office and State Patrol are formulated, you can find a very thick file of assignments and plans for the day. That file is the result of years of experience in handling Florida's biggest single day crowd and it is constantly being revised as experience broadens, new problems arise and old problems become more complex.

"No matter how detailed our plans, or how efficient our officers, traffic is heavy as that which converges on Tampa on Gasparilla Day always presents problems we are unable to anticipate," said Captain Hamm.

"But our present day communication system enables us to put the answers in the hands of the officers on the street," he continued.

"For that reason it is of paramount importance that the officers take the advice of the officers and follow their instructions. The officers know what's going on all over town, the motorists don't," Captain Hamm declared.

All traffic going through Tampa that day is being advised by the officers to avoid the central and downtown sections of Tampa, North and south bound traffic should stay strictly on U. S. 41; and east and west bound traffic should stay on State Highway 600.

In addition, Captain Hamm said, all trucking companies are being asked to avoid Tampa and cancellation of all deliveries in the city, except those absolutely necessary, is being sought for the Invasion Day.

Bayshore Boulevard in Tampa will be closed from downtown to Manilla Avenue from 12:30 o'clock noon, when the parade invading city passes the Platt Street drawbridge, until the parade is over. All draw bridges will be closed to boat traffic from 12:30 to 6:00 p.m.

Vegetable Markets Report Increase In Sales Volume

Government Inspection of tomatoes began last week for the first time in the history of the Florida City State Market. Reports indicate growers and buyers are pleased with this service.

Auction sales of tomatoes start this week and the market anticipates 10,000 to 11,000 field crates of fair quality tomatoes. A heavy volume of pole and string beans and a light volume of squash will be available, according to reports coming into the office of William L. Wilson, director of state markets. Prices on tomatoes at this market ranged from \$1.00 to \$5.00, most of them going at \$2.00 to \$3.00 per crate.

Weather and growing conditions are reported ideal in the Pompano State Market area. Spring plantings of beans, corn and squash are heavy. On the market at the present time is a good supply of good quality bean pods, eggplant, lima beans, cucumbers and squash.

Tomato volume and size on the Palmetto State Market's market is decreasing daily with the auction sales probably closing this week. A light volume of pepper, eggplant, pole beans, okra, yellow squash, cucumbers, English peas brought the total package sold during the past week to 2,175 at a revenue \$8,013.99.

"Advertising will revert from institutional to competitive, prices will be featured, time payments will become more popular and liberalized.

"In all lines of business, those who are on their toes and ask for business will do all right. Those who are slow on the uptake will suffer because of a certain degree, competition will have again set in, and it's good, too.

"1950 is made to order for the insurance man who is enthusiastic, alert and on the ball."

Dubose Child Dies In Canal Monday

James Tilton Here, 4-year-old son of Mr. and Mrs. Ben Here, Palatka, was drowned late Monday afternoon when he fell into 14-feet of water in a canal at the dikes of Lake Okechobee.

An unsuccessful attempt to save the youth was made by the mother. It was reported that she jumped into the canal in an effort to grab her son. She was saved from a possible drowning by J. T. Chance, a fuel truck driver.

The accident occurred at 5 p.m. according to Police Chief Altman E. Morgan, and the child's body was not recovered until an hour later.

Besides his parents the child was survived by three brothers, four sisters and his grandparents, Mr. and Mrs. V. T. Brantley, Okechobee.

Funeral arrangements were in charge of Berry Funeral Home.

Pepper Answers Critics On Sympathy With Reds

Sen. Claude Pepper told a luncheon audience at West Palm Beach Monday that those who attribute to him any sympathy with totalitarianism "know they speak falsely."

The Senator said on attacks he said had been directed against him for his visit to Moscow in 1948 when he was received by Premier Stalin.

"These critics would not like you to know that I visited the heads of each of 10 countries on that trip," said Pepper. "Why don't they tell you about the hour and a half I spent with Churchill—the interview I had with Gen. De Gaulle of France? Why don't they tell you I talked with Gen. Eisenhower in Germany, and with Gen. Bechtel Smith?"

The Senator said he made the journey as a member of the Senate Foreign Relations committee.

Too Late Now
Mr. "A. Chaps" proverb says, "one good word can warm three winter months."

Siber. "Then why didn't you say that word last November."

HON MANN

do you think were installed in Florida in 1949?

The year 1949 was such a big year in the growth of telephone facilities and service, we thought you would like to know some of the facts and figures. Here's the story of the year in brief:

New Telephones

More than 103,500 new telephones were installed in Florida last year! That's a lot of telephones, requiring the addition of huge quantities of wire, cable, poles, central office equipment and new buildings or building additions.

Rural Telephones

Many construction crews were busy stringing lines in rural areas throughout the state last year. During the year more than 25,300 new rural telephones were installed.

Money Spent

This vast expansion and improvement of telephone service in Florida in 1949 cost more than \$23,100,000. This was over and above other millions of dollars paid out in Florida for operating expenses.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

so much value . . . so little cost

TWO-WAY STRETCH

that's strictly inside stuff!

HERE'S THE NEW 1950 BUICK SUPER 126, companion body-type to the equally new ROADMASTER 130. Both are shorter than last year's 4-door Sedans—yet 4 inches longer in wheelbase. In both, the differences is used to give you real stretch-out room in the rear seat.

What the boys did here really calls for some medals. We gave them the job of coming up with something that was bigger inside-for room and comfort—longer in wheelbase—always important to good riding qualities—yet tubbiness and easy-handling in over-all dimensions.

Just look how well this tidy number meets these "impossible" specifications! Item one—rear-seat cushions are a full feet wider than last year's 1949 Buick interiors.

Item two—in every dimension—leg-room, head-room, hip-room, shoulder-room—this rear-seat compartment is bigger than previous models—and nearly four inches longer, fore and aft, than other 1949 Buick interiors.

Item three—wheelbase are the longest of our 1950 line. On the 216", it is 125" instead of 121½"—on the ROADMASTER 130, it's 126½" instead of 126½".

Yet—and here's where the magic comes in—the mile car is shorter overall. Actually less from bumper to bumper than previous Buicks in these series.

That means easier parking, easier tucking away in family garages, easier maneuvering in crowded traffic.

There are some other things, too. An extra rear-quarter window not found in standard 4-door Sedans. A different upper-structure styling that makes this body-type stand out as something pretty special.

Even special features that let you say, "I drive a SUPER 126" or "Mine's a ROADMASTER 130," just by way of being different.

Yes, we think we hit on a happy idea in the "Longfellow", as they're called, in the Buick line. They are not longer, on the outside, but there's a two-way stretch—in width and length—in the rear compartment.

You're going to like that—as you'll see by calling on your own Buick dealer. If he doesn't have one on hand, he can get it pretty promptly—and at a price and on a deal you'll have trouble matching, much less beating, anywhere else.

See him now, will you—about placing an order?

Features like these mean BUICK'S THE BUY

INCHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings (over 7300 cubic in. SUPER models).

NEW-PATTERN STEERING, with bumper-guard grille, hood-through hood, "shock absorber" suspension.

WIDE-ANGLE VISIBILITY, shows-up road view both forward and back.

TELEPHIC-HANDY SEAT, has overall length for under parking and garaging, short turning radius.

EXTRA-WIDE SEATS crissled between the axles.

SOFT BUICK ride, from silent springing, safety-ride tires, bumper-protective, shock-absorbing suspension.

DISK-DRIVE DRIVE standard on all ROADMASTERS, optional on extra cost on SUPER and SPECIAL series.

ROVING MODELS with Body by Buick.

NEW CHOICE OF EQUIPMENT adding flexibility to prices that break away price ranges above the limit.

Tampa Prepares For Heavy Traffic

Here's the one sure way to beat the traffic problem for Tampa's Gasparilla Festival Day parade, scheduled

State C Of C Cites Meat Slaughtering Decrease In 1949

Florida meat packing plants slaughtered a total of 760,700 cattle, calves, hogs and sheep through November last year according to the Florida State Chamber of Commerce.

The total live weight of animals slaughtered was reported as 253,424,000 pounds in this week's business review of the State Chamber's research and industrial division. The eleven month 1949 slaughter total was made up of cattle amounting to 169,010,000 pounds; calves, 22,518,000 pounds; hogs 76,683,000 pounds and sheep 13,000 pounds.

Unusually heavy cattle and calf marketing occurred in 1948 as ranchers weeded out, thereby improving, their herds and shipped increased numbers of feeder cattle to points out of the state. A decrease of slaughtered cattle and calves in November and weight in 1949 (15 percent) was a natural consequence and tended generally to expand herds.

The numbers and live weight of hogs slaughtered in Florida through November last year were both above 1948.

All slaughtering in commercial plants is included in this report but farm slaughtering is excluded.

State Air Marine Reserves To Get Squadron Award

United States Marine Reserve Fighter Squadron-142, based at the U. S. Naval Air Station, Miami, has been judged the best Flying Leatherneck reserve fighter squadron in the nation on the basis of all-around performance during 1949. Brigadier General William C. Brien, USMC, Commander, Marine Air Reserve Training, has announced.

First presentation of the national Marine Air Reserve Trophy, now to be competing for annually by thirty Marine Air Reserve fighter squadrons from coast to coast, will be made by General Clifford B. Gates, USMC, Commandant of the Marine Corps, in colorful ceremonies at the Miami Naval Air Station, starting at 3 p.m., Sunday.

The public is invited to attend Captain Charles H. Ewan, USNR, commanding officer of the Air Station, has declared "Open House" in honor of the event, and all hands are busy with preparations to handle the anticipated overflow crowd from all parts of the state expected to be on hand to witness the trophy presentation.

Captain Ewan and Lt. Col. Arthur W. Fisher, Jr., USMC, commanding officer of the Marine Air Detachment at Miami, will be hosts to General Gates, other high-ranking Marine and Navy officers, including: Vice Admiral John W. Reeves, USN, Chief, Naval Air Training; Rear Admiral John W. Cassidy, USN, Deputy Chief of Naval Operations; Rear Admiral Austin C. Doyle, USN, Chief, Naval Air Reserve Training; Major General William J. Wallace, USMC, Director of Division of Marine Aviation; Major General Morris H. Silverthorn, USMC, Director of Division of Marine Operations; Brigadier General Clayton C. Jerome, USMC, and Florida state and city leaders.

Florida's first champion Marine Air Reserve Fighter Squadron is commanded by Lt. Col. Roland F. Smith, USMC, a pilot, who is at present studying law at the University of Miami. During World War II, Lt. Col. Smith served with the Marine's famous "Red Devil" dive-bombing squadron and scoured the Japanese fleet in the Solomons, sinking 32 enemy ships.

It is composed of citizen-Marine from every walk of life in Miami, and surrounding communities who have been developed by Marine Corps methods into a constantly ready reserve force of air fighter specialists, maintaining and developing air combat skills vital to the nation in the event of any emergency. On nation-wide practice mobilization maneuvers during the past three summers, Marine Air Reserve squadrons have demonstrated dramatically how they can rendezvous in wing strength, on either coast, from home stations throughout the country, in 24 hours.

In three post-war years of strenuous maneuvers under exacting combat conditions, flying a total of 4,122,340 miles on maneuver exercises alone, Marine Air Reserve squadrons have not had one fatal accident, while posting outstanding records for gunnery, bombing, rocket strikes and close support to

Extension Service Offer Suggestions On Farming Topics

(Editor's Note: Information in this column comes from the Agricultural Experiment Stations and Agricultural Extension Service of the University of Florida.)

A hog that keeps its head turned to the left and staggered in that direction may be suffering from an infection of the semi-circular canals in its right inner ear. These canals maintain an animal's equilibrium, and when something goes wrong with them the animal loses its balance. Turning and staggering to the right usually means the canals in the left ear were infected. Sometimes this condition can be alleviated by a veterinarian establishing drainage from the infected area.

Early blooming is rather common when Easter lily bulbs are planted outdoors and subjected to wide fluctuations in soil and air temperatures and moisture. Under controlled greenhouse conditions, where the bulbs are cold-treated before planting and are kept under controlled temperature conditions, very little early blooming occurs.

Garlic can be grown successfully in Florida for home use or for local small sales, but planting on a commercial scale is not recommended because of difficulties in raising the crop. The cloves should be planted three or four inches apart in the row in late fall or early winter. The crop can be harvested in late spring. The soil should be given four to five pounds of a complete fertilizer, such as 4-7-5, for every 100 square feet of garden area.

Prolonged exposure to direct sunlight may destroy natural bacteria on legume seed. Excessive drying of the seed after inoculation also is detrimental to the bacteria. It is advisable to plant legume seed as soon as possible after inoculation.

Hybrid seeds offer promise of increased home yields.

State Fair Crowds Expected To Exceed Last Year's Total

For the benefit of out-of-town people, officials of the Florida State Fair have arranged to offer reserved seats in the grandstand for each afternoon and night show.

Those planning to attend the Fair, may write or phone for reservations and as long as they are available, they will be set aside in the name of the party requesting them to be picked up before 12:00 o'clock noon at the office near the main gate.

By securing your tickets in advance you can avoid the delay and discomfort of standing in line and be assured a comfortable seat where you can review the parades, see the side shows, the auto races, the races or thrill show and other outstanding acts that go to make this year's all-star grandstand entertainment.

Reserved seats for Gasparilla Day, placed on sale last week, were sold out in 24 hours, but plenty of seats are still available for the Auto Race, the Saturday and Sunday children's Gasparilla Parade Feb. 8, and Shrine Parade Feb. 9. Only bus seats are reserved for any of these events and are \$1.50. Upper grandstand seats are \$1.50, tax included, (both unreserved).

In writing or phoning for reservations be sure and advise particular day desired and whether for afternoon or night performance. Address: Advance State Fair, Fair Grounds, Florida State Fair, Tampa.

Harold Lloyd, famous movie star and now Imperial Potentate of the 410,000 Shriners throughout the country, will be in Tampa for the annual Shrine Day at the Fair, February 9, according to L. B. Lloyd, potentate of Egypt Temple, Tampa's Shrine.

Lloyd will be accompanied by his 150 Shriners and will join the Shriners for their annual parade. The Shrine parade will be one of five scheduled for Tampa over next week, date of incalculable importance to the Shrine parade. The parade will stage their invasion and triumphal parade on Monday, February 13. Day at the Fair will be on Tuesday; the Children's Gasparilla Parade is scheduled for Wednesday; the Shrine Parade on Thursday afternoon.

For City, Tampa's Latin Quarter, will garb its senioritis in mantillas, high combs and the colorful costumes of the Old World, and send strutting multi-clans singing through the Streets next Wednesday when the Quarter celebrates its annual Pirate Fiesta.

The Fiesta, a part of Tampa's famous Gasparilla Pirate Festival, will be highlighted by an

illuminated night parade of the Gasparilla Pirates and half a hundred floats. Street dancing and gay balls and parties at the Quarter's four Latin clubs are also scheduled.

King Gasparilla XXXVII, and his queen, both as yet unnamed, will be guests of honor at a ball at the Circulo Cubano Club Pal-

lection of the new king and

queen is a part of the week-long Pirate Festival which opens with an invasion of the city on Monday, when 350 pirates will sail their three-masted clipper-war out of Tampa Bay to demand the city's surrender.

The caipote tree is often referred to as being fireproof because of the sponge-like water absorbing quality of its bark.

The Worst Is Yet To Come Grandpa was visiting his young married daughter, who on this particular evening was distracted because her own baby daughter would not fall asleep. "Tell me Daddy," pleaded the exasperated young mother, "at what age was it the most difficult to get me to sleep?" "About 18," replied the father.
